Dear Bill,

We are grateful for your generous donation of \$4,500.00 to LiftUp of Routt County's Capital Campaign Fund. We received your gift on June 7, 2016. Your contribution will help us complete our exciting new expansion, freeing up more of our financial resources to help Routt County residents who are working through times of crisis and moving towards self-sufficiency.

As you know, LiftUp is dedicated to meeting the basic human needs of people facing difficult times in their lives. In 2015, we assisted 2,282 individuals with food, emergency housing requests, utility bills and medical assistance. We consistently provide emergency assistance to 1/10 of our county's population each year.

In addition to the emergency assistance we provide, Lift-Up has begun to place a greater emphasis on helping our clients achieve economic self-sufficiency. To that end, we invest time and money each year in the Routt to Work program, which helps impoverished Routt County residents take critical steps towards financial stability. In 2014, we initiated our Hope for the Future Scholarship, aimed at helping low-income, non-traditional students attain education and job training that will allow them to find better-paying jobs. Also, we have launched Power Up, which is a job readiness program helping workers reach their full potential.

While there are a lot of new and exciting things happening at LiftUp, one thing remains constant - our commitment to provide charitable assistance to those in need, while promoting personal growth and self-sufficiency. That's why we are expanding - to strengthen our organization so that we can better support our clients as they work to become more healthy and stable. We'll keep you updated on our expansion as it unfolds. If you're curious, stop by for a tour - we'd love to show you what we're up to!

Gratefully,

Laura von Boecklin, Executive Director

Bill, thanks so much for your generous support, and for all of your hard work!
